He is so poor, he lost his parents many years ago when he was in his childhood and has been taken care by his grand mother and his aunt in law. His mother was one of my cousin's daughter married to Nakayama's son from Nagats of Kusakabe, Yamanashi.

If you have a plan to get some "Shoqyo Jissusei" from Japan in near future, please take that Hiroshi. I will fully recommend him.

Domo Arigato

Please give our best regard to your husband and children.

Sincerely yours,

Shigetaro Ozawa
