Dearest Pinkie -

I hope you are now staying at home Mon Tues Wed and not away at Margie's house.

I have your newest blue dress & old tan raincoat that was dry-cleaned.

They were already packed in the suitcase which I must have packed on top of. So don't worry.

Chicago is not too hot. Today was very comfortable but I don't know how it'll continue to be. Just be prepared for hot weather — so don't bring corduroy tights or capris. Nobody wears capris — only dresses & shorts & never shorts downtown.

Our sleeping room & our show room is air-conditioned, very comfortable.

We hired an assistant salesperson, a redhaired fashion commentator & ex-model. We don't know how she'll work out.

Have Jim Sakata drive you to the airport & put you on the plane & see you off. We asked him to. He lives in the city & it doesn't inconvenience him as much as aunt Martha or uncle Will — because of the late hour.

Go to sleep immediately because it is a late hour, & you lose 2 hours of time flying eastward. Take nothing but your purse, selecting all else, bec. you may forget it on the plane. Baggage check stubs are clipped onto your ticket & these are given to the porter when claiming your bags in Chicago airport. Baggage can be cartons or suitcases, etc.

I have shampoo, but you'd better bring shower caps & sanitary pants — the pads you can buy in the drug store in the hotel but not pants. I have an iron, bing pins, etc to set your hair. I bought hair set lotion. I have deodorant.

If I can think of anything else, I'll call you at home Tues or Wednesday night before you leave — so be home both nights. Monday too. Tell Norman to keep the garden watered, & to water gently, taking plenty of time to do it slowly so that nothing gets water shot at it & broken over & injured by water pressure. Love mother.

Aunt Martha
& Dottie have
processed your ticket
