

July 3 1954
I received from Kenmochi yesterday am July 2nd, \$31.68 @
\$360 = \$11405.- invoice #1A dated 4/7/54 and previously received
the two Fraser amounts. Balance of \$39.4 he says should
balance against what he left with us to go to
Chicago on that Waikiki job, & asks for an accounting of
same to indicate + or - balance. So Kenmochi's acct
is settled.

Today am sending Seki Tokuhimiki's latest samples
frankly I like my own design better but take a
look at yours - blade length slightly shorter (by
1/8") than requested but adequate - 2 ways
blade can face in respect to angle of
handle so specify preference.

Use on meat & see my design \$ yours
\$ the Jan Howell drawing - if you want
Jan Howell design, they're made it so
we just tell them "go ahead on the Duncan
design" note: your latest samples

which I see today -
prices higher.

got reservations on 17th arriving 11 AM
SF airport 15th is that OK?

Meanwhile this gives me time to examine sources
for wooden tubs - WOODEN TUBS furo-oke is better than

rice oke - for planter, for salad, for flowers, for
rice, etc. Will see patent atty regarding butterfly
paper patent - only \$4-6,000 for this protection.
no charge consultation, I think - wish you
