is done. Sending trainingly. Julia's luncheon period
Passage & mine! Paid CASH in Yen May sending Post.
KAMEI

Thursday 4th

With Kamei in AM & sought to figure out how to make Zabuton
cheaper. Think can do, & produce design like Gump's
#175 or higher Zabuton. Isobe says ppl Sakata write English only - ex-
planation made by person not versed in fabrics too
diff understand. Sincerely English hence worth request.

Went looking around town with Mr Kato & Isobe
of Kamei & had lunch @ them - then with Ken
Kato - saw plush toy maker SAKA where I
had gone some years back @ Ken & found them

to be one of the best in this business. WANT THEM TO
MAKE SIAMOSE.
1. Saw plush toy maker SAKA where I

2. Circus head pencil 5% less cost from
a new maker. Face slightly diff. but equally
cute, & nice clean-cut shiny job. Shine not dis-
agreeable in this case. Ken has car, drives me
around. 3. Has gift ribbon in 1000R spools, also
500R and 100R rolls same colors.

4. Showing Serisawa's Calendar exact
thing, but in folds as we did in 1956. Claims he sells
to PX in Guam. 4/170-180 each in folder.

5. Had Paul Seem's brush idea - but with diff.
beads - zebra, horse, bear, etc & thought we could do
better - for TCo, Jimmy, not for Paul. Would like to buy it
at 400 each if possible - went to Japan Expt. Branch Inq. to Mr
M. K. Kondo Inq. Director + - Chome Higashi, Komagata
Sumida Ka. Whyo near K. Kato - but he says ord. brush is 2% to
US customs duty + 45% if nylon bristle + hog bristle n.g. bec
need Cert. of Origin + use of hog bristle. I figure we can pay
up to 4200 + multiply by 15 to sell at \$300 retail at 45%
but it's my "rough-guess system". shall I go ahead? Reply.

6. Found cuts for pretty charming fluttering butterfly
at about 4800/day & tho duty may be high, I guess it
may go for retail in small quantities. Ken will ship Julia's

Please meet. Come to U check time
3/ the folder is not worth handling - cardboard + wood base some pine. Difficult to find workers to wind. This batch now finished diff. worker group bec 1st batch workers didn't touch as didn't make enough money. took more time than thought. All design apoc (cardboard) covering paper for next batch. Saw 50 yd 100 yd 1000 yd spools at K. Kato's Sample Room. Was shocked, bec. I thought our string was our own exclusive designs. Says all kinds people contact re. Admine, S. Myers + salad bowls, incl. Dakin of S.F. not the Dakin but another name. Found Bruck maker as in #5 If OK to further pursue, please indicate, send sample from Bullock Jones - won't copy but need show (VIA AIR) Reply. Please inform re. Ogawa location. Buying de lux for what type? use to type store. Having MARVELOUS time, wish could fool around seniors strolling + window shopping instead rushing around via car. Yesterday I spent 3 hrs at a beaded bag + beaded sweater maker school which was fascinating. They make our dolls 6" c top knot @ 1.12 by Kusparal - of which I ordered 20 doz to be finished by Sept 15th + K will ship earliest shipment. (retail store) Bought Bruck Henry's baby white KAPP61 in which I paid 1.18 each or 67.20. I'll have to try and do better elsewhere from store. Cost of sending to Misamagan has to be added. We should bill him from SF. at \$17.00 doz bec I promised him but further stock is by retail store only to be sold at \$2.25 or \$2.50 each. I'm sending collect to him. Correction in schedule - long to Tami's returns 20th or 21st Saw maker gift ribbon next batch already made says price of winding +
