

WOOD POPGUN Monday AM
8:30 AM

Dear People -

I forgot what you want me
to do with the wooden popguns
I have the sample.

Please advise by earliest
return.

Another hot day + I am
so anxious to get going, if I
can - but I don't want to drive
myself. It's already swelter-
ing. I don't expect much luck
in finding yukata - because
it is too late in the season.
But, I'll try -

Julia is OK - we'll get along

Leaving tonight 6:30 pm - but I
can't go Dec. I've got to work - she

then me of schedule fees she
was originally slated to leave 11th
& I left 10th & 11th open.

But I've given her 3 meetings
& a party at Benihana and
it cost me with High Balls @ \$1.50
a piece & soft drinks for others,
& dinner & good dessert, about
(\$1.50 per head for 6 people.
(\$1.25

I gave her small coins
about \$1 worth & \$10 dollars
in assorted currency as
"Sembeteu" and would have
bought her a terrific sweater
but she wears # 44-46 & J.
doesn't make 'em that big.

Also I was going to pay for her
haircut but she got it done when
she showed up last time (some-
place in Asagaya - I planned for Giza)

Everybody divide up my letters
& answer it & see it's a big batch
of reports & questions.
