Re: Plastic Base
Lighters

T-215 opaque cube $\frac{1}{4}$ 180
as is

DAI-NIPPON Celluloid
ASAHI KASEI
日清 Plastic +
Boseki
三光社

Deep reservoir $1\frac{1}{2}$ high + top = $\frac{1}{4}$ 105
Shallow " like ours + top = $\frac{1}{4}$ 100
Brass plate = $\frac{1}{4}$ 15 higher
Like ours, mechanism shaped
is Fuji maru gata
 $\frac{1}{4}$ flat one like new sample
is Hira maru gata

Green one — in plain ^{color + shape} cost
of base will be about $\frac{1}{4}$ 80
+ cost of lighter mechanism
head.

Try pocket size in it + see.
If make 5,000 pcs. cost of mold
absorbed each shape.

Spec. samples — if we
make it ourselves, costs less.

Wrapping Paper is
about \$45 as is —
if you want to change paper
then what weight, finish, etc?
size, etc? Checking printing press.
