

It is getting late and I plan to leave Kobe
for Nagoya tomorrow noon.

Met D NAGATA's representative at 1 PM (UATANABE)
Discussed a few things. SAKA PICNIC SET makes can not
produce enough as I had been to forget the item for
if it is too hard to produce, then we are better off if
we do not start at all.

at 3 PM I met the KODE MATCH Co. represent.
Did not have quotations. Said would phone in prices, waitable, which
later which he did. Prices are quite high, I think as this
not make for KESLER. Price sheet will be sent me IMATAT on
Monday - tomorrow AM.

Then I went to KAWANAMI & for chat's sake
his new samples, but since I made appointment with
T. Yamada I left in a few minutes for T. Yamada
where I met Mr. Yamada & Miss Ikano. I told
them of what kind of items I wanted & then we had
a Indonesian dinner - and coffee later in FUSIYA
and then I came home to nurse my leg.

April 14th I had appointment with NAKAI, SAKA
who brought maker of grass mats. We discussed other
designs + possibilities of goza size with our mat designs.
Price should be mailed to me in Tokyo & to you
soon, I hope. I also suggested the ~~KK~~ design similar
to Marthis rug at Belvedere in Blue/green, Brown/
Black etc. We may be able to sell a few if prices
are not too high.

Had no lunch since I had a slight stomach
ache and then interviewed ~~KODE~~ ^{DAITO} Match - after seeing
some pamphlet from D NAGATA which I rejected (aluminum
baskets for dime stores). DAITO match make all rugs and
prices are OK. Will work with them after I get more
designs + particulars on my return trip. Later
went back to KAWANAMI & discussed prices of furniture.
I do believe that we must clear up a lot of things before
we can do business together.

It is getting late and I have to leave now
for Nagoya tomorrow noon.

(WAKABE) MAY 1 to get to Nagoya at 1 PM

2 Today Tuesday I work at noon & went to
a movie to relax. I walked the streets afterwards &
returned by 6 PM. Had a snack in the basement, as
hair cut & shampoo & returned to my room for letter
writing.

I shall now proceed to ritual after doing my
daily ablutions including my sore leg which is
still as drippy as ever. Sitting down on a charo
on TATAMI is a most pleasant experience for the

2 drippy part starts to soak through my pants.
Rather an uncomfortable trip, this is turning out
to be. I hope we are going to have a good head
this fall to make up for my present suffering.

I hope the kids are fine & healthy. Glad to hear
Norman is doing well in TRACK. I hope to meet
Well, how am I doing thus far? Sound OK in general

design + possibilities of good size in Tokyo & to you
I've decided to mail some of the design books
over I hope. I also suggested the design books
to Western rug & bedspread in Blue Green. I want
to see if you are all to see a few if you
are not too busy.

I had no lunch since I had to eat at school
and then returned to school - after
some people from D NADATA which I registered (classroom)
hooked for some other DAD's which I made all responses
fine are OK. Will work with them after I get more
designs + patterns in my return trip. I hope
I will have to discuss with you because I discussed
