Dear Henri,

Before you left we talked of a trip by me to Los Angeles. As it looks now, I won't be leaving until you get home. From the last letter Tami got from you it seems you'll be home on the 31st of May. If it is possible for you to set a date for me, I should like to write to the people and let them know that I'm coming. The date I should like to leave is June 3, a Tuesday. You'll be home Saturday. I'll see you Monday, and I'll take off on Tuesday. If this is not enough time, then I can leave Wednesday or Thursday...or even the weekend of the 8th. It may be in your plans that I won't go at all, but if I am going, then I should like to ask Dorothy from around now about a list of our best customers. I'll write each of them a letter and let them know of my trip. This would be better than walking in cold.

I got one idea of how one importing company pays their salesmen. One company (I did not ask which) offered Dane a job as a salesman...\$300/month, and 10% over \$5,000.

If cameras are easy to buy any old place then I should like to ask you to buy one for me. If it requires some effort then I shall buy it here. The camera I want is the MINOLTA "16" It is a pocket camera that uses 16 mm film. It retails for \$39.95 here. The size is about the size of a pack of cigarettes.
