Dear Mrs. Takahashi:

This will be a rather unfamiliar letter written to you by a girl whom you hardly knew although we've met you once.

Did you remember one day while we're standing around the corner on a certain street somewhere near the Regard Stadium, during the football season?

They were two girls and five other Monterey (Honolulu, Hawaii) boys that you saw and gave us a helping hand.

Well, I'm one of the girls writing to thank you for the rest of the boys too.

We certainly appreciate it!

very much.

I'm not a Japanese girl, and
so was the other girl, named Evelyn.

I recalled you once say about
renting rooms or apartment at your
residence. Is this true?

I'm from Honolulu originally and
attending college in Berkeley at
present.

I'll be graduating in June
and somehow I liked it so much
here that I decide to remain
and work for probably a year or
so before returning home.

But I'm facing a rather serious
problem like all other people
are doing and that is accommodations.
Will you be able to help me?
I would appreciate it very much.
My mother will be here for me

graduation in June. Phi from
Honolulu too.

I would be delighted to share
her a room with me for only
two months while I remain here.

Mrs. Takahashi, if at any time
before you have an apartment
vacant please let me know
either by mail, or calling Bert. ⁸⁹⁴⁷
after 6: P.M. on weekdays and
any hour of the day on Saturday
and Sunday.

I must again thank you for
your hospitality and I'm hoping
for the best.

Sincerely yours,
Miss Helen Lee
