

May 11, 1957.

Dear Tomoye and family.

How are you all? We are very glad to meet Henri again. My wife and Julia went up to Tokyo ~~for~~ a few days before Henri arrived at Tokyo. He arrived at Haneda airport early in the morning of ~~Sept~~ April 30th. So they met him at the Imperial Hotel instead of going <sup>to Kameda airport</sup> there.

He came down to Moji on <sup>March</sup> April 29 and stayed here only three nights with us and went up to Tokyo again for his urgent business. We are expecting to see him again about <sup>at</sup> the end of this month. I hope <sup>to</sup> have him stay with <sup>us</sup> about a week. We were very surprised to <sup>see</sup> him so fat. I was fat like him at his age in America.

Mother and Julia are very fine and are very glad to meet him again here at Moji. He can rest at Moji and we <sup>will</sup> have a lot of good time with him.

We are going to have a Sukiyaki party for Henri inviting four or five his old friends at our home, if he comes back to Moji <sup>at</sup> the ~~the~~ end of this month. We were very surprised <sup>to</sup> find that Henri can speak Japanese language well. During his stay in this country he will learn more Japanese. I hope so.

The old YOMA and Genkan were taken away and rebuilt <sup>them</sup> nicely last year and Henri is glad to see them. I think you can guess how nice they are when you see the pictures. Mother and Julia send their love to you and your children.

May the Lord bless you and your work,

*Sayonara*  
From Father and the family.
