Re: Evacuation Claim of Tomoye Takahashi
Claim No. 146-35-18792

The above claim alleges a loss relating to the sale of real property. If claimant desires to have this claim processed by the compromise method, it will be necessary that the enclosed "Real Property Schedule" be completed and promptly returned to this office. Care should be taken to furnish all pertinent information requested. Incomplete information may necessitate a recommendation as to a smaller compromise amount than might otherwise be the case.

You will note that this "Real Property Schedule" differs in a number of respects from the form previously used. The use of such old form of "Real Property Schedule" has been discontinued and it will be necessary that claimant execute and return the form herewith enclosed, whether or not claimant has already submitted information upon the old form.

It is necessary that the completed new form be submitted to this office within thirty (30) days.

Sincerely yours,

Attorney in Charge
