

June 1st

1st day in NY - is it a crowded place!! Every street is packed like market st. at busy hours + it's like that all day. Weather hot + sticky like Japan, rains frequently, + suddenly. Bought tickets to a stage show soon after arriving so we can take Martha Saturday afternoon + see Sono Osato, Japanese dancer. We met many nisei at NY hotel, all are friendly. Fri AM we will find out more about Henri's job in printing - there was one at \$60 week for 40 hours but it may be already taken. Apts. are old + shabby in this crowded city, food is cheap. Streets are narrow like Sansome street; SF.; + bldgs. are very tall. WRA is on 53rd floor of Empire State Bldg. + feels like on airplane looking down. Not very healthy place to live or raise children. Met nisei called Higuchi operating 47" i/c and wants sell 47" from Lopez for 4th July souvenirs, also 47" made American style ~~is~~ with cross straps gave me \$20.00 to collect samples. Meeting 47" today
