

Dear Papa -

Pennsylvania Station
12:15 PM Fri

Waiting for Edg's train to get in. It is 2 1/2 hrs. late, the express from St. Louis. Henri went to the employment office so I am writing to you as I sit here.

The man who is Hocka-San's roommate, carpenter, does he want to make wooden shower shoe like gets to sell in East? Did he stop since he got caught stealing Japanese beach concession stores can sell size 10-11-12 for 4th July if American style cross straps  Just rough work O.K.  If nobody is interested, that's O.K. - but if men in the camp want to wear money, it is a hint. Given, they have to buy lumber from hell. Thanks for taking such good case of Pinky.
