

June 9th

My dear Mr Flogawa

I had a gift cannot describe how I felt when I opened the envelope with your gift. It was indeed so very kind and so generous of you and I don't know how we can thank you.

He was so surprised to see how much Martha Ellen has grown. She is so big and such a pretty baby. Papa and mamma were very happy to hear all about her.

My father and mother should write their gratitude to you but please excuse

their enclosing their
very best regards to
you in this.

They will all be
awaiting your visit
to Salt Lake City, again.

Again, thank you
very much.

Hoping that this
will find you very
well, I remain

With Best Wishes
