Dear Sirs:

One of my clients is planning a Japanese room. The other day she saw your name on some lovely Japanese pillows in a small shop on Lexington Avenue in New York.

If you work with decorators, I would appreciate it if you would mail me a wholesale price list and color swatches.

Very truly yours,
Jay H. Jones

Dear Mr. Jones:

Thank you for your letter regarding our silk cushions. We are very sorry that we are unable to sell these beautiful hand-woven, hand made zabuton cushions in Connecticut. As you may know, all cushions, are subject to the local bedding laws, and Connecticut does not accept our California license. We do have a New York license number and cushions can be purchased there. It is very unfortunate that we cannot be of service to you because of this red tape. The swatches can be seen at our New York showroom, Jan Howell, 225 Fifth Avenue, New York.

Sincerely yours,

Takahashi
