Dear Mrs. Gutman de Carmel,

Many thanks for your letter to Mrs. Ericson. She is at present in London and it will take too long time to wait for her answer to your questions.

We have no chances to get dollars for payment of the purchases. It will therefore be necessary that all sellers invoice us direct /in duplicate/ as soon as possible that we can apply for import licence and then pay direct. Your commission /for instance 15%/ we suggest you invoice separately in the same way.

The collapsible bamboo baskets we can buy here.

The Japanese paper we like very much and should want you to buy for us ca. 1000 sheets.

We wish you a very good result and are very interested to hear from you soon.

Yours faithfully

SVENSKT

G. Carlberg
