# NARA WOOD

## **NARA: antiquity in wood... contemporary in design from TAKAHASHI**

NARA by TAKAHASHI is extremely durable Asian jungle hardwood. Each rough cut of this dense timber is carefully planned to preserve delicate, natural grain patterns. This respect for the natural aesthetics of the wood is reflected in the quiet elegance and design simplicity of NARA. Forming is all done by hand. Likewise, the rich, velvet luster of NARA is the result of many hours of hand-rubbing. Suitable for both decoration and serving. NARA from TAKAHASHI.

Asian hardwood — lovingly turned by highly-skilled craftsmen — hand-rubbed permanent matte finish — alcohol proof — stain resistant.
