DECORATIVE ACCESSORIES

July 2, 1958

Dear Tami:

Under separate cover

Glad to send you our February 1958 N.Y. Gift Show Registration, but am sorry to report that we don't have last August's copy anymore. I tried to borrow one from our neighbors here in this corridor, but it seems that most of us do what we do here, i.e. keep just the current issue. Barbara Lewin may have hers, and when her show-room reopens next week I will ask her. It will not be necessary to send our copy back to us, and we will try to get an extra one next month to send on to you....but it will be several weeks after the Show as it usually takes the Little Management about 6 weeks to get it off the presses.

Rec'd 7/9/58

Johnny is enjoying his job at the N.Y. Trust Company, and I am enjoying having him at home for a change.

Hope the Shows are the best ever for you this year. We are so delighted that we finally managed to get into the Trade Show building and its air-conditioned temperature.

I'm sorry too that we don't have more time to write to each other, but it does seem, running a small business, commuting, keeping up my home, really doesn't seem to leave much time for other than the business essentials which is really too bad. Both Chappie and I have been traveling a lot more in the past year....as our figures will testify...roughly \$44,500 so far for Takahashi against \$38,500 for first six months last year..which is contrary to the general trend here. Exciting, but very time-consuming.

Best regards to you all.

Love,

Jan
