These handsome designs, created by Aomine, one of Japan's contemporary artists of note, are hand sculptured in a variety of exotic hardwoods such as ebony, teak and rare persimmon, famed for their durability and beauty of color and grain. Beautifully balanced and light in weight, each piece is a pleasure to look upon and a joy to use, the prideful work of a craftsman trained in the finest traditions of an ancient art. And because these are handcrafted objects each one reflects the subtle personal touch of the craftsman, that elusive touch of individuality that makes of each piece a collector's item, yours to own, yours to enjoy, yours alone.

DECORATIVE TABLE ACCESSORIES

SANSUI, a decorative screen of sensitive design framed in elegantly slender translucent panels. A single sheet of handmade white Japanese paper, laminated on puncture resistant Fiberglas and caught with real foliage and colorful butterflies, compasses each two panels of the screen. The art form represented in the making of this paper is an ancient one and represents the craft skills handed down through generations of just one small, remote village in Japan. Total output of these exquisite papers is taken exclusively by Takahashi for this screen.

DIMENSIONS

Height: 84" (panel 72", leg 8", top 4"), panel width 10". Leg dimension may be shortened to suit. Double action hinges are used throughout.

FINISHES

Mat black or warm brown stain on lightweight frame.

PRICES (Minimum of 6 panels)

6 panels: 75.00, 8 panels (above) 100.00.

SHIPPING

F.O.B. San Francisco or New York. Packing charge per screen: 2.50.

GENJI, wide panel screen employing the fabulous hand made paper of the remote Japanese village where generations of artist-craftsmen have handed down the secret art of its fabrication. Each panel is a single sheet of the paper in which natural motifs of earth and sky: leaves, grasses, butterflies, dragonflies and the like, all in the delicate beauty of their natural coloring, are composed and transfixed. A sheet of Fiberglass is laminated to the paper to render it puncture resistant.

DIMENSIONS

Height: 84" (panel 72", leg 8", top 4"), panel width 18". Leg dimension may be shortened to suit. Double action hinges are used throughout.
