

Dear Henri - this letter came in around Gift Show time and got lost in the shuffle. Please note and return. (This refers to Holiday House request for 24 extra units for lighters.) I suggested to Mr. Kennedy that he be charged for the units and to be credited when he returns really defective units to you. This is completely agreeable to him. jan/

Holiday House: re: extra heads

9/17/58

We don't have any extra heads at present to send now. We are trying to get some but don't know the price yet. When we know more about.
