Thursday - on trial for 6 wks.

My hobbies are many and varied - receiving varied attentions. People and surroundings are perhaps my strongest interests in a human and artistic way. I am interested as a result in sociology, psychology and the creative arts. My personal art hobbies include collecting and working in different medias - i.e. - Ceramics sculpture, Jewelry, inks, charcoal and mixed materials. Music and the dance interest me - I have records and <sup>have</sup> sung in choirs and participated in folk dancing groups. Along with these arts I also have a great interest in literature drama, architecture and poetry and do a great deal of reading and writing - (very modest attempts)

Second only to these things is my love of the outdoors. I have done a great deal of outdoor camping and living and have fished with my parents since I was a small baby. I have lived in seven states and have traveled in and out of almost 40 of them; also in Canada. Therefore I am also interested in travel.

These are my strongest interests and hobbies. There are also many minor ~~ones~~ ones but they are tangents to my main interests.
