Dear Miss Horiuchi,

How nice to hear from you regarding my trip to Japan! I would just love to have you join me.

Since I received your letter with some others, I worked on a schedule as nearly as it would be next year, and tho I know there will be additions and changes I thought you would be anxious to know soon.

I am not a professional tour leader nor a ticket agent so I consulted Tak Kusano's Agency and he tells me it will be about \$350 more or less for 3 weeks including everything, plus fare by air tourist, which is around \$900 but it may be less, if we can get enough persons. The last time we had a wonderful time, but not quite enough for shopping, so I will try to satisfy the decorators and shop-owners who will be members of the group. I cannot take too many, so I hope you will reserve a place soon.

Sincerely,
