RECOGNIZED MARKS OF QUALITY
Your Protection Is In The Name, "Standard"

"Standard"
PLUMBING FIXTURES

IN WHITE OR COLOR

The Trade Mark "Standard" is the universally recognized mark of quality in plumbing fixtures. For your protection "Standard" Plumbing fixtures, in white or color, have the following marks of identification.

"Standard"

This trade-mark is printed permanently in the ware of Vitreous China plumbing fixtures, printed permanently in the ware of plumbing fixtures made of regular enamel, and cast or stamped in the metal of brass fittings.

"Standard" A-R

This trade-mark, printed permanently in the ware, identifies plumbing fixtures made of "Standard" Acid-Resisting Enamel.

RE-NU

This word on "Standard" Brass Goods indicates renewable seats and threads, a "Standard" feature.

**Church
sani~Seats**

"Church" Seats, which are regular equipment on "Standard" water-closets, are identified by this trade-mark, which is pressed into the under side of the seat.

And look for the green label affixed to all Regular Enamelware and red label affixed to all Acid-Resisting Enamelware, which also identifies them as "Standard" and which gives you an added safeguard, with its warning to all who handle or work around the fixture at the time of installation to "be careful". This further assures you of having a satisfactory fixture in all its original, sparkling beauty. "Standard" Vitreous China Fixtures also carry a green label.

Buddhist Mission Society,
Seattle, Washington.

Gentlemen:

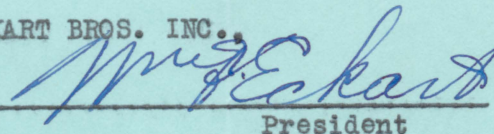

In connection with our contract for the installation of Plumbing and Heating in the new Buddhist Mission Society building, at 1427 Main St., Seattle, Washington, we wish to say that we will complete the Plumbing and Heating in the Social Hall, according to the plans and specifications, covering all the steam mains as called for, but not the return lines, for the total sum of FIFTY ONE HUNDRED DOLLARS (\$5100.00)

This amount is to be paid for as follows: You are to pay up the entire amount of the original contract on the Church portion, with the exception of \$400. on the oil burner for which you are to sign a conditional sale contract with the oil burner company as originally agreed. We will then carry \$1600. of this \$5100. on a note which is to be executed by you, payable at \$100. per month, with interest at six percent; the balance to be paid as the work progresses, and any balance due to be paid upon completion of the work.

Respectfully submitted,
