dear Auntie Robu -

Merry Christmas from Alaska. We are surviving well in the cold weather. We look alot like penguins waddling around when we go outside, but at least we're dressed warmly. We'll miss seeing you all and Joannies family over the holidays - but maybe next year we can make it home for a vacation. Dad tells me you are feeling real good and that's the best news. It was good news also to hear that David is back in Seattle. It must be a relief for all concerned.

Hope your holidays are happy — Take care.  
Love, Tina
