Dear Kimi —

The Scudders and the Smiths enjoyed an exceptional evening together at the Garden & Home Show — but we missed you!

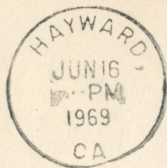

Though I have been remiss in sending you a note, we did, very much indeed, appreciate your kindness in sending us the tickets.

The orchids and the bonsais stole the show, we believe. The central theme of the show was especially well done, and all of you who were involved are to be congratulated.

Our very best to you,
Harvey
