Hayward hit the ladies section of the store.

I hope you are getting the vase out
I am trying to get pots made
to sell at the local garden & flower
arrangement ^{show at a} church by the 18th

Walter called + Joe or Dore will
be driving down to Richmond to get
them on the weekend of the 28th

Joey has had very optimistic
news from the Accidental College representatives
who came to McLean High School
the other day. So he is feeling very
good.

Dore is going to work for
Marriott Corp out at Dulles starting

tomorrow.

Got a letter from Teiji today.

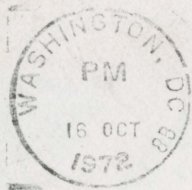

The leaves are falling rapidly around here - Always reminds me of a Seventh Day movie I saw years ago in which a Egyptian or something dies & the leaves fall down to cover the body. Do you remember that.

We ate ~~at~~ at the Japanese Steak House tonight to celebrate David's 18th birthday & so many memories of Japan came back.

Hope you are able to find Sachiko's, or Tomiko's address soon.

Haven't heard from Sally at all.

Well back to the workbench.
Paula is doing well in Algebra,
Social Studies & French as usual
here
