12 April 1977

Mr. John L. McDonnell
President, Board of Directors
AC Transit District
508 - 16th Street
Oakland, California

Dear Mr. McDonnell:

Because I am firmly committed to the successful implementation and operation of AC Transit service in southern Alameda County, I would submit my name for consideration for appointment to the vacancy created on the board by the resignation of Kimi Fuji.

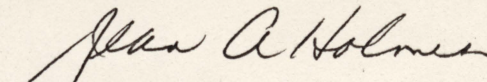

Since Ward 5 consists primarily of District 2, currently not represented on the board, it would be appropriate to appoint someone from the new district. It would also be appropriate to replace the board's only female member with another woman.

My qualifications for and interest in the transit district are well documented. I have been a Fremont member of the Transit Advisory Committee since its inception. In addition, I was co-chairman of the successful campaign to bring AC transit to Fremont.

I currently serve as the chairman of the Fremont Planning Commission and have been a member of that body for the past three years. I have also served as chairman of the Citizens Advisory Committee on Budget and Finance for the Fremont-Newark Community College District.

Thankyou in advance for your consideration of my candidacy.

Sincerely,

Jean A. Holmes
