

August 31, 1944

Dear Kezic

Glad to hear that Sue went up to visit you and enjoyed it her visit.

Kezic wrote me today and said she spoke to Abe and Mary about me going to University of Chicago and they think it best if I go to B.Y.U. for a year or two, to get me to a college atmosphere etc and I think it best also. I don't care to enter a big university first since I'm afraid I'll feel lost etc, and therefore I think it best if I attended a small college ~~though~~ although it needn't be B.Y.U.

I'm waiting to see the picture that Funi Cdahe took of you and Sue.

It sure will be swell to see Sue after almost a year and a half.

Remember that guy in our block, that  
Kazu Akada was willing to marry, well  
that guy married some desperate dame  
from block 5 her <sup>last</sup> name is Yoshii. She  
is the supervisor of ~~works with~~ the statistic lab. This guy she  
married yells in his sleep and everything.

Rose and Mamey Shinoda and Haru Kaizumi  
spent a week in Salt Lake. They had a  
small time because Rose's boss at welfare  
was out there and she took them  
for rides and dinners.

Harumi Kawahara is going out to  
Chicago, and so Rosie Shinoda wants to go  
out too. She says she's going in October  
but I don't know. Mamey Shinoda doesn't  
want to relocate and it seems she wants  
to stay in this dump and just exist. Rosie  
is ~~so~~ sure disgusted with her.  
I told Mamey you'd like some sweaters  
and she says she doesn't know when she'll

get around to knit them because she is  
making flowers. That's all she does is make  
flowers. She started a pink sweater for  
me some time ago and still hasn't  
finished it. You should see all the  
flowers she is making. She made some  
Chrysanthemums and they sure look real.

Musky Saito bought a dog for George & Marki  
and it sure is cute. It reminds me of the  
dog we had called Catasha. It follows Betty  
all over. It's a pretty smart little dog. It  
knows its name already. They call <sup>him</sup> ~~it~~ Minky.

Dora Suzuki says hello. She doesn't know  
your address so she hasn't written she says.  
A couple of weeks ago she got sick as anything  
'ezy she ~~can~~ had <sup>some of</sup> her teeth pulled out and  
couldn't eat a lot of <sup>the</sup> food. So she ~~had~~ fainted,  
she is up now & but still looks weak  
and sick.

You know Lewis Tomimatsu don't you. Well  
he was going out to Chicago but a day  
before he was to leave he had an appendicitis  
attack and had to have an operation.

Yuki Nakamura was in camp. She is  
up in Minnesota some place. She must be  
at the same place Yuki Kawaguchi is at.

It sure is cold in the mornings  
and nights, ~~but~~ but warm and windy and  
dusty during the day.

By the way, when does your school  
start. Pretty soon doesn't it.

Take it easy.  
Love  
L. Hanko
