

Dear Terzie

Sunday

Thanks for your picture. It's pretty good.

The picture Betty Adachi Kaizumi has of Mom & pap was taken when they she was in this summer. We have the picture. I asked Thru Kaizumi to ask for the negative, but I don't know whether she has a set.

I guess you know by ~~now~~ that Sally left on Friday the 13th of October for New York. Her Pullman reservation came in earlier than expected so she took it 'cuz she didn't know how long it would take to get another reservation. She said she was hoping to stop a day in Chicago and on Sunday leave for New York. Some gal, the same day as you, said she'd help Sally 'cuz she wa

going to New York also, I hope Kankas
a place for them to stay.

Juwo Barbo is in Camp. I just saw him
the other day.

Masaru Ishida was in for a couple of weeks
furlough. I guess he'll be sent overseas
soon. He's only been in the Army for
4 months. Remember that Pete Sugiyama
he goes around with the gal named Koo in
Block 36. Well he came in for a furlough the
same time Masaru did. He has been in the
Army for 4 months also and he's a
sergeant already. Pete & Koo got married
when he was in camp.

Mrs. Ishida told Mamea that Mochu
is to be in the Army soon. Boy that family
sure is going all out for the Army. I heard
that the Dentist brother falls terrible because

all his younger brothers are in the army
and he isn't. He's 41 because he is too
short.

I hope you have received your coat
by now.

I will send the makisaw soon. It's all
dusty now.

Mama has made some flowers to
send out to you, which will be sent
pretty soon.

The yard hasn't come yet, but we
expect it this ~~week~~ week.

Tami Koizumi is making 75¢ an hour
working in some factory. Tami and Eichi
are looking for a house so that Sam and
Mrs. Koizumi could go out there.

Jeru Kamba had her hemorrhoid removed
you know what that is don't you. It happens

to sneeze some times. ~~She~~ She had that thing that
sticks out from her nose ^{sometimes} and removed.

I glad to hear that the kids are friendly
out that way.

Betty Saito's brother, whose in the army, was
stationed in California and was shipped out to
the Pacific War zone. She just found out the
other day, just in time to send him a
Christmas present.

Hezo Oshima called his parents out to
Cleveland. He's going to go to school according
to Mary Shinoda. Fred Oshima still writes to Mary
and he said that the Italians will grab anything
as soon as your back is turned. He said Italy
is so dirty and he's getting tired of the
war and wants to come home.

Dr. Teshima is out in Detroit working
in a ~~large~~ hospital as an assistant
obstetrician.

Next week report cards come out and also
exams start. What a headache

Mrs. O'Keefe is attending ~~the~~ University
of Minnesota.

I think there's a quite a number of
Tappan kids attending U. of Wisconsin
Mama knows that thing which your
Hawaii friend puts on her chest to
keep warm.

Don't study too much

P.S.

Don't worry about papp teeth. He's getting
along okay. He eats rice, tofu, eggs and drinks
a lot of milk. There's a lot of food that he can
eat. He has to watch out because he hasn't
any top teeth to hold back his saliva.

Mam just sits back and laughs at him
because it's hard to understand him
