Dear Kimi:

I wanted to congratulate you again on your continuous representation as a member of the AC Transit Board of Directors.

I know, as in the past, you are repeatedly faced with formidable decisions that have to be made but I am always reassured by your presence that the "little people"; i.e., the man in the street, will not be forgotten in the decision-making process. I know the qualities and traits you display with us in the Delinquency Prevention Commission deliberations will be ever present in meetings wherever you are.

Whereas our paths do not cross so frequently, I am always pleased to know you're there and I'm sure many of our other colleagues in the Bay Area feel the same way.

Best wishes for a pleasant holiday season.

Cordially,

  
V. Hap Smith  
Director
