Miss Kimi Fujii

Hayward CA 94544

Thursday Apr. 26, 1973

Dear Kimmy,

May I congratulate you on the recognition of your many contributions to our community by the Lions Club and let me add that it is with the concurrence of many other groups

Anyone persisting in organizational work, the by-laws, the ordinances, the statutes and last but not least "the clear intent of the law" that person deserves a special kudos.

I also want to include a note to one I've never met except for an occasional phone call, your mother. Surely she must also be somewhat gifted in the art of human relations as she guided you and your brothers to a more fulsome life.

Cordially and affectionately,  
Helen Silver
