Dear Kimi,

I read about you being CITIZEN OF THE YEAR and I congratulate you. I also thank you for that beautiful bouquet of flowers.

I'm sorry I didn't go with my mom to your florist but I didn't even know she was going because I was at my friends house.

Thank You again for the bouquet it looks real pretty in the living room, but I wanted it in my room but it would probably fall off my shelf.

Sincerely,

Kathy

P.S. I also like that Wonderlife mixture to make the plants live longer, and the second package I'll use on another bouquet of flowers from your florist. (I'll buy them with my money.)
