Hayward, Calif.

March 29, 1967.

Mrs. Robert Danforth

San Francisco, Calif.

Dear Charlotte,

Pursuant to our conversation on the telephone today, I am enclosing an invitation and directions to the historical Meek Estate where our Spring Luncheon will be held on Friday, April 7, 1967, at noon.

We are delighted and so very pleased that you will attend as one of our honored guests.

Thank you so much for agreeing to speak on the purposes, program and goals of our Women's Division. I think that we are being shocked out of our senses, daily, by what the Reagan administration is doing and done in the past 100 days in office, that we can't seem to focus our sights ahead at all. I feel very confident that the ladies will feel a strong sense of enlightened direction after your enthusiastic presentation, and they'll truly want to be a part of us. Thanks so much for helping us.

We have assigned hostesses for our honored guests and Mrs. Albert Lepore (Peggy) has graciously accepted our invitation to serve as your hostess for the day. She is the current president of the Hayward Democratic Women's Club which is planning to incorporate into the whole of Southern Alameda County Women's Division.

We look forward to seeing you at our April 7th Luncheon. Your attendance will mean so much to all of us.

Cordially yours,

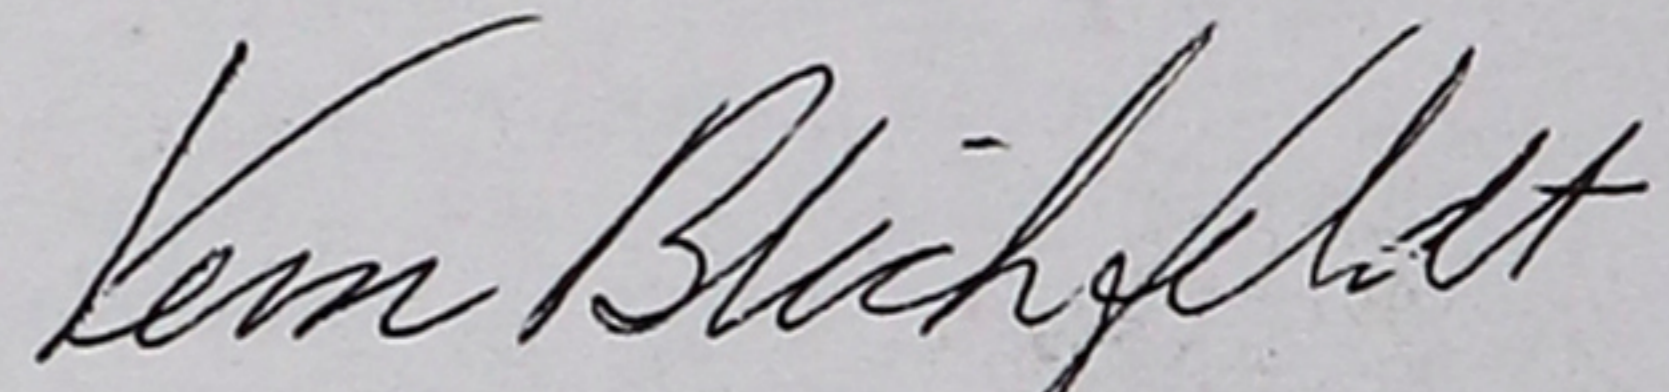

Kimi
