Hayward, California

EDMUND G. BROWN  
GOVERNOR  
SACRAMENTO, CALIFORNIA

October 19, 1962

Honorable Kimiko Fujii, Member  
Board of Directors, 1st District  
Agricultural Association  
Fujii Company, Inc.  
[REDACTED]

Hayward, California

Dear Miss Fujii:

As you are well aware, we are rapidly reaching the climax of the most important and bitterly fought gubernatorial campaign in our state's history.

If present indications continue, my opponent will use every obstruction, half-truth and falsehood at his command to save himself from certain defeat and oblivion.

He has repeatedly and unfairly attacked the record we have developed over the last three and one-half years. I believe his election on November 6 would be a tragedy of the first magnitude for California and for the programs for which we have fought so hard.

I have expressed my full confidence in you by my appointment of you. I know you will leave no stone unturned during the next two weeks to bring our record and our future program to the people and to assist in any other way you can.

With your help, our ultimate success is assured. Thank you very much for all you have done and all I know you will do.

Sincerely

EDMUND G. BROWN, Governor
