NOTE: Your listing as it has been prepared for the compilers and editors of the new Edition is below. This Edition will be a printing involving extensive revision, planning and preparation, and accordingly is now actively in compilation.

Therefore please promptly note below—on this sheet, beside the typewriting—any necessary alterations or additions. A no-postage-required cover for its return accompanies.

To obviate the necessity of sending out another compiler's copy sheet, please return this one at once, regardless of whether or not changes are suggested.

DO NOT REWRITE the listing, as it has already been put into the compiler's arbitrary format as shown. Since scattered minor alterations may involve complete recasting, the Editors, because of the difficulties attendant upon compiling a volume of this size, will additionally appreciate cooperation in minimizing them.

This vita has been composed by Marquis—Who's Who, Inc., and is its property. The content is
subject to "copyright before publication."

IMPORTANT: If the Marquis National Biographee Reference File does not include effective address information (preferably both home and business or professional), data cannot be sent for (1) the revisions necessary to the maintenance of their currency and (2) the avoidance of transfer to the non-current classification. The address portion of the above listing should therefore be carefully checked. Addresses may be withheld from publication on request to the Editors—please note below address "Not for publication" if it is to be withheld from publication.

BY WAY OF RECIPROCATION. As some tangible reciprocation for the cooperation which must be asked of biographees in checking listing manuscripts and bringing published sketches down to date periodically, those listed in Marquis biographical dictionaries have for many years been extended considerable subscription preferentials on booking any personal requirements for them in advance of publication so that they may be produced as economically as possible through inclusion in the initial press runs. Since return of this manuscript, checked, constitutes helpfulness to the Editors which qualifies for these preferentials in reciprocation for that cooperation, a restricted blank validating them when signed, accompanies this vita.
