Dear Miss Fujii:

On behalf of the Personnel Commission of the Hayward Unified School District, I wish to express my appreciation for your recent assistance as an oral board member for our School-Community Aide examination.

Your participation was a valuable contribution toward making a fair and objective evaluation of the candidates. The ratings which you gave have been combined with candidates' scores on the written test, and the enclosed list has been established.

Thank you again for taking the time to assist us.

Yours very truly,

Eleanor Parker, Director
