Miss Kimi Fuji

[REDACTED]
Hayward, California

Dear Miss Fuji:

Please accept my sincere thanks for your help in the campaign. If it had not been for you and many other people like you, I would not have had the courage to run. I hope that I may count on you for more help in the future. Being a member of the school board is obviously a job that no one can do by himself, and I hope you will allow me sometimes to ask for advice.

Sincerely,

Arnold P. Biella
