Dear Kimi:

Your name is now on the list of the 1,000 people who will be invited to the Governor's Conference on California Beauty. The invitation should arrive early next week. The main thing is -- try to reserve time so you can be there!

If there are any other distinguished leaders, within your circle, who you feel are concerned with the environment of man and improving it, please let me know if you would like to have them personally invited.

I have a budget category for flowers -- and it's my hope that we'll have a lavish display of Fujii-grown carnations in prominent table arrangements!

With best wishes.

Cordially yours,

*Novell*
