

Thank You
For being
You!

Dear Kimi -

Saw your name for delegate to the national convention - I'm looking forward to seeing you on TV! It all sounds very exciting - a reward, no doubt, with a lot of work in back of it.

I'm working full-time at the San Leandro Library now - since April 1st. Politics (and flowers) sound like more fun! Casey, my son, is quite impressed by you & (cover)

follows your frequent pictures
& articles ^{about you} in the Hayward
Review (yes, we take it!) with
interest.

Wish we saw more of
you - hope that someday
in the future our paths will
cross more frequently.

Affectionately,
June Barker
