Dear Kimi:
my lovely Japanese
neighbors take the Japanese
paper and saw this spectacular
and article on your brother
I had explained
what lovely people you
were and I thought
your sister-in-law Elise

evaded injury having
it for her perchboat.
It was such a beautiful
evening. The decorations
and size of carnations
were out of this world.
Truly a feast for the
eyes and soul.

I so enjoyed talking
with you in the room
and Frank so enjoyed
seeing you again and
your charming brother
and beautiful sister
inlaw. I will never
forget her graciousness
and all yours and
kins. Wonderful
people all of you.
The Gregoires have

always praised you
highly.

Continued success
to you all,

Cecilia Palmau

Frank's wife,
remember
Spanish lady? ?
