

1-3-67

Kim - I thought you would want to know Margaret's husband was critically injured in an automobile accident 12-17-67 and although my husband and 7 other doctors worked with everything they had, he died after 15 days. He will be buried this afternoon. It has been a bad time for all of us but Margaret and the girls are doing fine. They did enjoy your company in Paris so much. They never got to the Ritz in Lisbon but we had a wonderful time

there. I will write you about  
it someday. Now I am under  
the driver and I had a few  
minutes to write some notes  
I hope the rest of your  
trip was fun. We certainly  
did enjoy our trip.
