My dear Waka:

I was indeed shocked to receive Mr. Lindley's wire which should have been telephoned to me Saturday afternoon. It was delivered at the office today.

I don't need to tell you that you have our heartfelt sympathy. I am so sorry that I never met him and came to know him. After the things you said about me resembling him in some of my inclinations, I was so anxious to talk with him.

Let me know what your future plans may be and always remember that if there is anything I can do to assist those plans, or to make life easier for you or the other members of the family that I want you to call upon me. I shall always be grateful for the manner in which you took care of the Carr family and everyone who ever came into the house became your friend and staunch supporter.

Please convey my respects to every member of your family and tell them that my heart goes out to them in this terrible crisis.

Sincerely yours,

Ralph Carr
