Dear Sir:

Thank you very much for your letter which I received last Saturday. I have shown your letter to the members of my church. The members of my church deeply appreciate the christian spirit of the officers and the members of your church and we are entirely satisfied with the arrangement. We are thankful that we had a significant Sunday service at your beautiful Chapel.

We had thirty-one in the congregation last Sunday afternoon. I was surprised by the number because we have never had such a big crowd before in the church. It told us that the people are seeking the spiritual things in this situation.

We thank you for such an arrangement and thank you for opening your Sunday class for the second generation young people. We have discussed the problem of the Sunday School and we understand the friendship which you have shown to us through the name of Jesus Christ, our Savior. But we would like to have our own Sunday School for the following reasons:

(1) The children of the church members are still very young therefore the parents have to bring them to attend the morning Sunday School if we decide to accept your kind invitation.

(2) And in the afternoon the parents can not leave their children at home when they come to attend the Sunday afternoon service.

According to these two practical problems we would like to have the Sunday School for the young people in the afternoon during the time when we have the service. I believe that you will understand the situation which I have mentioned and hope that you will help me to make the further arrangement for using your building for the Sunday School. I will appreciate your kind consideration for our group.

Sincerely yours,

Ar. Ch. Sen
