My dear Rev. and Mrs. Sai:

Jan. 24, 1944

First please excuse the business stationery as I am writing this at my office.

I am afraid we have not thanked you enough for the wonderful time you so kindly afforded us last Saturday evening. Both of you were perfect hosts and I assure you every one present enjoyed to their heart's content. My wife remarked on our way home how beautiful the table looked and how delicious were the dishes served and I quite agreed with her. Indeed Mrs. Sai is to be complimented upon her skill.

What impressed me most was the happy atmosphere that pervaded. The faces were shining with indescribable joy. It was the real open hearted Christian fellowship that every one felt.

I have never in my many years of association seen Mr. Nagatani enjoy with a child's abandon casting away all his usual reserves.

Now he would not do that unless he really felt happy.

I am so thankful to God that he began to see way and now is trying to do the things our Father would approve. It is really wonderful and almost a miracle.

You will understand these things just
fill our hearts with joy.

I regret so much Mr & Mrs Natsumoto could
not be with us, for they would have enjoyed
so much.

Thanking you again for all your effort
and your kind spirit.

Many good wishes to you and Mrs Sai
from my wife and myself.

Blessing of the Father and peace be
with you.

Sincerely
Harry K. Shigeta
