

Oct. 4, 1942

Dear "Big Sis",

We read your welcome letter, even Bud read it when he came to visit us. It's so good to hear from you it just recalls all the good old times of good old Long Beach.

This is just a note to let you know I'm thinking of you. There's really no particular news to give you except about myself.

By the way, we were sorry to know that we will not be able to see our old L. B. gang for the duration and one knows when will ever meet again. Though it was good news to hear that Rev. John W. Yamazaki Jr. and Sr. and ~~and~~ their groups were coming, it would have been very nice if we could have seen the L. B. group here.

I am still anxiously awaiting the position as nurse's aid in the infirmary. Sis found out that as soon as the new hospital opens (probably two weeks or more) that all applicants for nurse's aid will be hired. Hope it's

true. It was also said that the hospital will be
or they are trying to secure permission to make it
an accredited hospital so that all internes or nurses
can receive their full ^{1/2 yr.} credit if working there for
half a year. Wouldn't that be a wonderful oppor-
tunity? They say it's so at Boston. I still
plan to enter the University of Nebraska in
February if they accept me. Maybe, I may want
to continue my work here in the camp if I
like it well enough - I don't know. What do you
think? I still have half more year or more
unless I have my requirements before I can
enter the nursing school, then three more years
in nursing school before I receive my R.N.

Well, this is all I have to say about
myself just now as sis probably has told
you of the current news. Oh yes, I am one
of the many Sunday School teachers here. The ages I
have are 6 and 7 yrs. old and the attendance is 26.

Write again with you and regards to
your father.

Always,
Maitha
