INSTANT STICK DRY MOUNT PHOTO ALBUM

NO PASTE OR CORNERS NEEDED...THE EASIEST, NEATEST AND CLEANEST WAY TO ENJOY YOUR FAVORITE PHOTOGRAPHS

Peel off the film slowly from the inside bottom edge, where the cut-out is made on each page. Make sure not to lift up the film all the way, retaining approximately one inch margin on the outside edge.

Place photograph or photographs in the desired position on the page. While placing photos, protect the page from dust and finger prints.

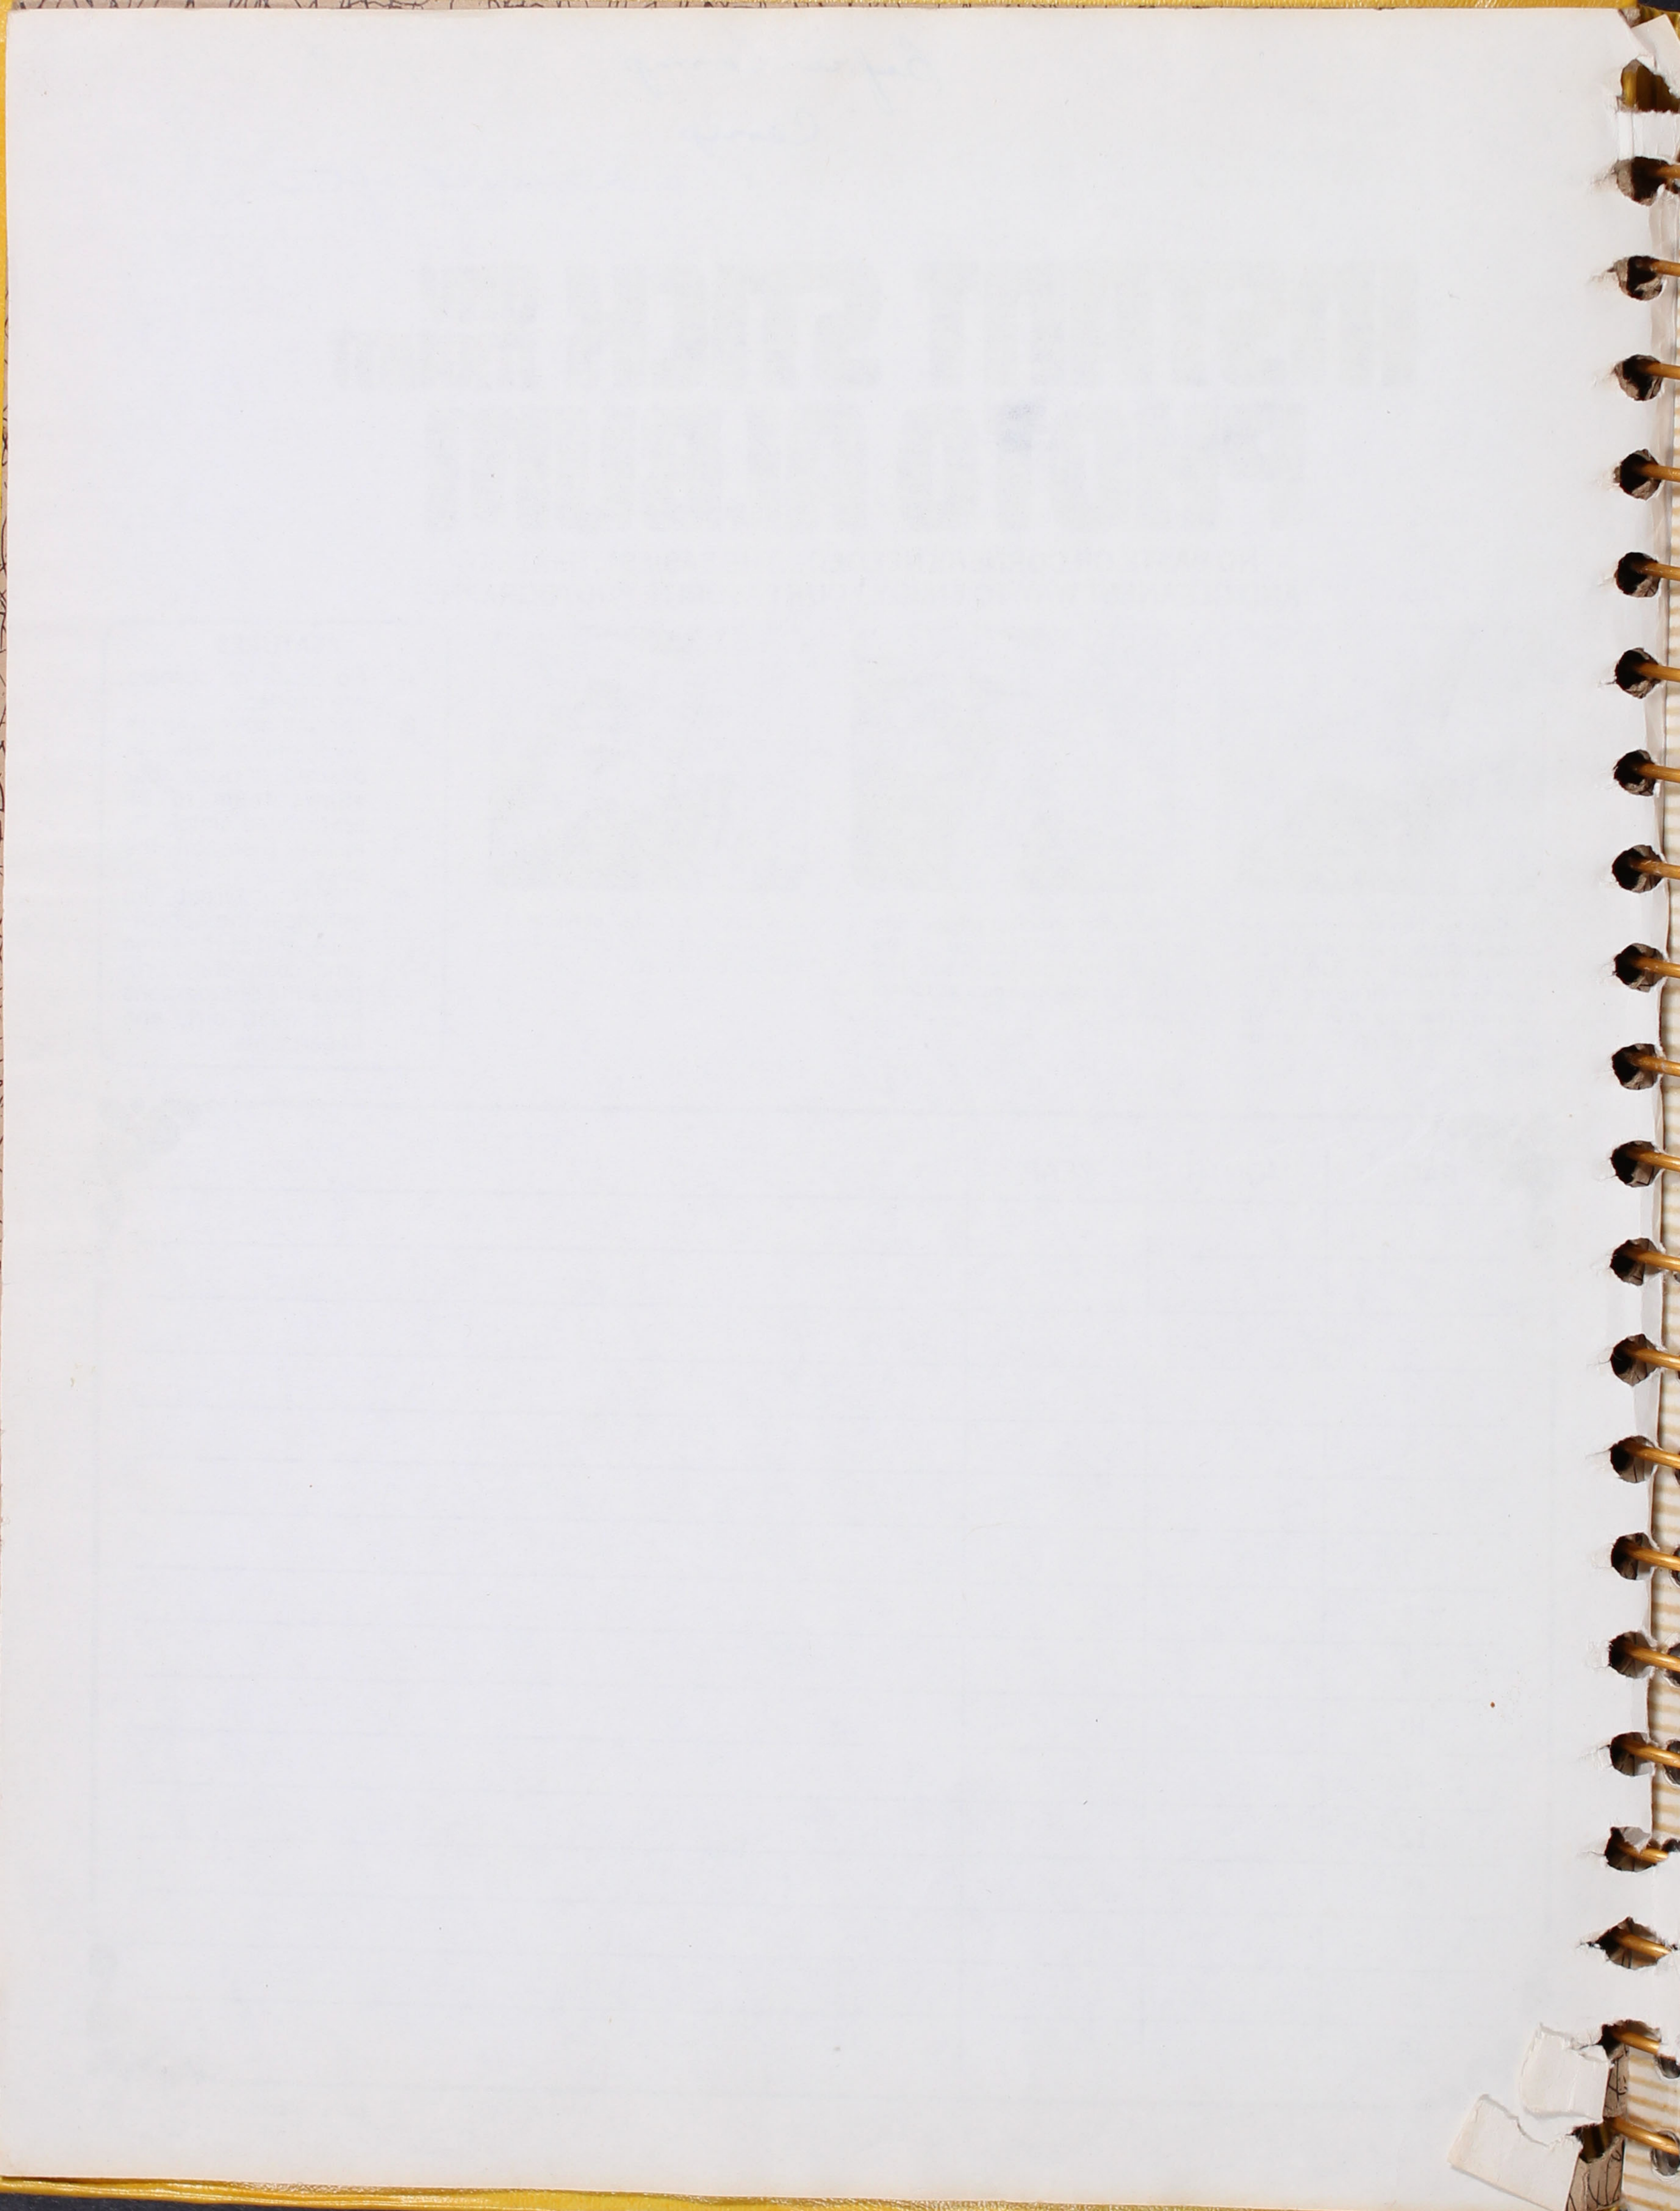

Roll back the film, pressing it gently with a palm or cloth to ease out any air pockets.

FEATURES

- 1). No paste or corners are needed.
- 2). The self-adhesiveness holds photos firmly in desired position, but allows them to be rearranged simply by easing them off the page.
- 3). The transparent film enhances the appearance, and at the same time completely protects the photographs from dust, dirt, and fingerprints.
