It being the middle of September, time was getting to be an important element, with which to be reckoned. Immediately upon receipt of that letter I phoned the <sup>UCLA</sup> University of ~~Nebraska~~ and asked them to send the University of Nebraska verification that I had been granted my degree. I also wrote to the long suffering Dr. Goss:

Dr. R. W. Goss  
Dean of the Graduate College  
The University of Nebraska  
Lincoln, Nebraska

Dear Dr. Goss:

I have today received your letter of the 9th informing me that I shall have met your requirements for full admission to your graduate college if I have the University of California notify you that I have been granted the bachelor's degree, and providing I present my birth certificate when I register.

Immediately upon receipt of your letter, I contacted the registrar's office of the University of California and requested their sending you a memo stating the fact that I have received my degree.

I am also writing to the National Student Relocation Council asking them to obtain my release. If you would write to them also that I have been granted admission, I should appreciate it very much.

I should also like to know what rooming and boarding facilities are available. I am enclosing a self-addressed stamped airmail envelope and should be grateful if you'd send me that information.

Very truly yours,

Joseph B. Ishikawa
