

division work, I consciously studied with the idea of working for an advanced degree. Because of that, I stayed in school until the very last day that it was open to nisei students with the result that I was ~~am~~ unable to take advantage of voluntary evacuation to inland states before the order freezing zone I residents became effective.

If you have no authority to judge this case, I should be grateful if you forwarded this to the proper persons.

Thanking you for your time and trouble, I am
