

Parents gave kids no long names
because they ~~had~~ knew none — Some
tried with ludicrous results such
as Karo for Karl or Karl, Day for Dave,
Osg for Arthur, etc.

I was fortunate because I was the last
and had many brothers & sisters — But
the name I acquired was not a gratifying
one — George, Gene & Logan — My brothers
were more fortunate, Henry & John

Give them citizenships undeniably
ones will be weeded out! The
thing many people apt to forget is
that people Japanese immigrants came
here to escape friends also — It was
while I was in Japan that I noticed
this — only in this way can we
have international peace otherwise
we may look forward to racial
war

There will no doubt be a few
isolated families worthy mentioned
advocates who will hold for the ending ~~of~~
~~of~~ all the war — to Japan.
