SOME INACCURATE COMMENTS ON THE STANZA FORMS IN POETRY

A SHORT INACCURATE HISTORY OF ENGLISH POETRY IN VERSE

Bold Beowulf's Boss barely begat it
Not by writing rhymes but by rollicking rhythms
And alliterative airs, always announcing
Brave battle banners and glories of gore.

Sweet Chaucer chose to refine his verse
And though all agree he was far from terse
He did revive Norman rimes yet
And versified in the form couplet.
